Providing Care, Understanding And A Home

An overview of IDEM Living
and our Children's Services.

“IDEM Living is a person centred organization for children, young people, adults, our pupils and our teams. We want to ensure that we are able to positively influence the lives of those around us..”

Rob Gillespie - Managing Director

More Than A Home

IDEM Living's philosophy is based on the principles of creating an environment for change, social inclusion, rights and responsibilities, choice and an unconditional positive regard for our young people. It is our aim to see past disability and diagnosis; knock down barriers, overcome obstacles and enable young people to exceed expectations. We see all behaviour as communication; something that should be listened to and not prevented.

Creating An Environment For Change

Idem Living provides a range of children's services from within our homes both in the North West & South West. We are proud of the outcomes we achieve and the opportunities we provide to children and young people we support. We promote an environment for change and challenge barriers to change when they are met.

We have an amazing staff team who are committed to our value of placing young people at the centre of all that we do and providing opportunities that enhance their futures.

Our Homes

At IDEM Living we have four homes and we are passionate about creating a homely feel.
